GRADUATING CLASS OF 1942  
50TH REUNION

1942

1992

MR. AND MRS. CLARENCE HACKNEY  
CLASS ADVISOR

yes

Mrs. Hackney and I were married about the time that the Class of '42 was starting their senior year. We started our family shortly thereafter and had three children. David came first, followed by Louise (Haas) and Jean (Manner). Our children are all involved in teaching in or around Kalamazoo. In 1948, my teaching career led me to University High School in Kalamazoo, where I continued to teach math for the next 18 years. My final seven years of teaching was in the Math Department at Western. In the meantime, Mrs. Hackney had been teaching elementary music in the Kalamazoo Schools.

We both retired in 1973 where we shared our time between our home at Lake Cora and Florida. We now reside in Parkview Hills, Kalamazoo, until the snow flies and spend the winter months in Largo, Florida.

During our teaching, as well as our retired years, we have been fortunate to be able to travel. We have been to Europe many times, to the Orient, to Australia and New Zealand as well as visiting each of our 50 states. Other hobbies that we have enjoyed are golf (12 months of the year) and bridge whenever we could find a foursome.

While you are celebrating your 50th reunion, we celebrated our 50th wedding anniversary last summer and we do wish to thank the many of you for remembering us with cards or phone calls. We both agreed that our many years of teaching has been most rewarding and our memories of the Class of 1942 have been among our most cherished.

I am still employed in the RE Office, Car Programs Management — which includes a Silver Medal (25 years) Gold Medal (30 years) and a lovely Gold mantel clock (35 years). I think I'll toss in the towel and call it quits as there are not enough hours in the day to do all the things that I would like to do.

Fifty Years Later - Where did it go?

The 1st two years after we graduated, I attended Western Michigan College. In July, 1944, Ed Cronk and I were married in Durham, North Carolina.

In Jan. 1945, Ed left for Germany and I came back to Kalamazoo and Paw Paw. I worked in Kalamazoo at Gibsons until the war ended. Went to Calif. for 2 months then back to Kalamazoo. Ed returned home in February of 1946. We lived in Kalamazoo and he went to work for KVP (now James River) until he retired in 1984.

We had six children: Charles, Thomas, Virginia, Susan, John and Craig. Our oldest, Charles, died in 1977 in Florida, where he lived. We have six grandchildren and a great-granddaughter.

We lived for twenty years in Kalamazoo where we were much involved with school activities, Simpson Methodist Church activities, Girl Scouts and Boy Scouts.

In 1971, we built out by Glendale on School Section Lake and moved back to the Paw Paw area. Since 1974, I have worked part time at Dillon Drug Store, mainly in the gift and Hallmark Section.

We have spent some time along the way camping and traveling. A rather quiet life, but a good one. We hope to celebrate our 50th anniversary in 2 years.

We were married in Charleston, South Carolina while I was in the service. We have four children and fortunately for us, they all live in Michigan. Arlene is an avid reader and enjoys needle work. I have an accounting practice in Paw Paw with our middle son, Bruce.

After graduating, I went into the army, spent three years in the Pacific, Australia, N.G., DNG and the Philippines. While in the army, our post formed a concert and dance band which I played in besides my regular duties as Platoon Leader. We were able to entertain troops in out of the way places, including R.R. camps - Christmas Eve of 1944 - Irving Berlin came to Hollandia D.N.G. and our band was chosen to back up his show. That was a real thrill. Got home January of 1946. In 1947, I was married and moved to Dowagiac - - no children. I worked in a grocery store my last 25 years of work as a manager. I loved that job. In 1982, my wife died after a ten-year illness. In 1985 I married again and instantly had five children and several grandchildren. When I retired in 1985, I got into a band again called "The Silver Threads" for obvious reasons. We play at hospitals, Nursing homes, and who ever else will have us. We have a ball. My volunteer work consists of teaching 5th and 6th grade boys Sunday School, Junior and Senior Hi Youth Leader, Boy Scouts commissioner (trouble shooter) for 15 years, Big Brothers for 12 years - I only ruined three boys. Grace and I are enjoying life just keeping busy and taking a train trip once in a while.

After graduation, I spent four years in the navy after which I married and moved to Cleveland, Ohio, where we still live. Our family consists of two children and five grandchildren. I graduated from Western Reserve University with a degree in business. I then went to work for a major industrial construction company, working in the accounting department, subsequently specializing in project insurance for multimillion dollar construction projects. This involved auditing and paying insurance premiums and buying the proper types and amounts for projects. I am now retired and doing volunteer work in a local hospital.

After graduation, I worked at the bus station and post office in Paw Paw. Soon after the war was over, the boys from the Post Office came back, so did my sailor boy. I married Frank Holder, who's family lived out on the old Decatur road. We then moved to Kalamazoo. We did not have a family, so we adopted a little two year old girl, who became our pride and joy. Because of health problems, Frank retired early from Georgia Pacific. I then quit my job with the Kalamazoo Public Schools. We started going to Arizona for the winter. We now spend summers in Kalamazoo and winters in Apache Junction, Arizona.

After graduating from Michigan State, I began my "career" in Chicago where I met Jim Johnston. Following our marriage in 1949, his work in retail caused an inordinate number of moves to stores in Illinois, Wisconsin, Minnesota, Iowa and Utah. It seems impossible that we have lived in Utah longer than my years in Paw Paw, but Utah is where our children attended college and have settled, and Jim has retired to volunteer in community activities. Our daughter, along with her career as an attorney, has given us two grandchildren, and our son is an environmental chemist. Being grandma, golf, bridge, needlework and the ever present homework keep me busy. Since we still own a cottage on Lake Brownwood, I annually return to Paw Paw. Our children grew up there in the summers and it feels more like "home" than any other place. With family in Utah, summer visits to Michigan, and winter in Southern California, life is full.

Married: 47 years. Two Children: Michael Timothy and Elizabeth Jane. Two Grandchildren: Corina Rose - age 9, smart kid - in the Gates Program, belongs to Betsy. Sean Edward - age 4, holy terror, belongs to Tim - he wears me out just watching him.

We've lived in San Diego 43 years and with its many faults, we love it. I have owned and operated a ceramic business for nine years. The last 2-3 I have learned and taught Braille.

Now I putter around in my little garden and think back to Paw Paw and my beloved "10".

After graduating, I went into the Army. I served with the 78th & 9th Infantry Divisions and then was transferred to the 9th Air Force. In the European Theater of Operations, I served in England, France, Belgium and Germany. I was discharged on November 12 '45. On December 1, 1945, I was united in marriage with my long time sweetheart, Ann Owsiany at St. Mary's in Paw Paw. We had three sons, Dennis, Robert and Jeffrey.

We lived in Kalamazoo until 1952 when we moved to our present address, God had blessed us both with good health. I was employed by the New York Central P.C. and Conrail from March of '46 until September of '84 when I retired.

Bettie and I have had the pleasure of living in Chicago, San Diego, San Francisco, Fort Wane and now in semi-retirement in Paw Paw. The longest stay was Fort Wayne where our boys were raised and educated. All went to Purdue, while I worked at Magnavox as an engineer involved in the design and production of military electronic systems. In retirement, I have been very busy with my company, in Rotary and other civic and service projects. John has also tapped a source of free labor for the family farm.

After graduation I enlisted in the Navy hospital corp, and served in the Pacific Theater. I was a land bound sailor serving in aviation medicine with a flight squadron. I was discharged in January 1946 and enrolled in Pre-Medicine at Western.

I could not find a University that was not filled to capacity with medical students so decided to go back to my original plans in Mortuary Science. I moved to Chicago and attended Worsham College. After graduation I took post graduate studies in restorative art and plastic surgery. I lived in Chicago for awhile, and then decided to move to Dixon, Il. and eventually opened my own funeral home in Polo.

We had two funeral homes in Illinois. We decided to retire early and moved back to Paw Paw in 1985.

My wife, Jean and I have two sons, Robert 26, living in Illinois and working in law enforcement. Our youngest son, Arthur 25, is also a funeral director and working in Battle Creek.

Jean has a daughter and three sons, we now have eight grandchildren.

We are presently living in Decatur.

BILL SANDS  
3324 DEVONSHIRE  
KALAMAZOO, MICHIGAN 49006

Just a note to let you know what I've done and a little about my family.

After graduation, I went to work at the Kalamazoo Stamping and Die Co. It is here that I met Wilma Timm from Three Rivers, my wife of 47 years. I went into the Army in 1944. Wilma and I were married March 11, 1945. After being discharged, we had 2 children, Mary and another Bill. Mary and her husband, Dave Vanderstelt, have three children. Julie (WMU), Steve (Kalamazoo College) and Kelly (9th grade). Bill is a Veterinarian with his own clinic in Three Rivers. He has one son (another Bill) who is in 10th grade.

Beside working at KS&D, I have built a number of houses in my spare time. Also I took an active part in Little League and in the Boy Scouts. I retired out of the engineering department from KS&D July 1989, after 46 1/2 years. Now I enjoy golfing, playing cards, eating, traveling a little bit and keep busy with my honey-do list. I also like building in my shop. The last few years I've gone to a lot of high school and college basketball games to watch the grandchildren.

I find it hard to put fifty years into a paragraph and even harder to realize how quickly those fifty years have passed. After high school graduation, I went to Western Michigan College in Kalamazoo for two years and then transferred to Northwestern University in Evanston, Illinois, where I graduated from the School of Speech in 1946. I came back to Paw Paw and worked in an Insurance Office for two years and in 1948 Warren and I were married. I'll let him fill in our whereabouts after that. We have a son, living in Portage, and a daughter, living in Holland, who are both married. We have two granddaughters, who are six and a grandson who is three. Church work, Village Players and other community commitments keep me busy, as well as being a homemaker. I've made many friends over these fifty years, but continue to enjoy my association and socializing with classmates from Paw Paw High School.

After graduation, I went to Western Michigan College for a year and then into the Army. In 1946, after about 2 1/2 years in the Army, it was back to Western Michigan College and then on to the University of Michigan where I graduated in Electrical Engineering in 1950. I practiced electrical engineering for some 8 years, when I finally saw the "error of my ways".

I went back to the University of Michigan and graduated from Law School in 1960 and opened an office in Paw Paw for the general practice of law.

In addition to the general practice of law, I became Assistant Prosecuting Attorney for Van Buren County for about 7 years and attorney for the Village of Paw Paw for some 18 years, having served one term as Van Buren County Bar Association President.

I am still actively engaged in the general practice of law and I serve the Paw Paw District Library as their general counsel.

My wife, Patsy, has elsewhere detailed our family situation and she likes to remind people that *she* only went to college once.

BEVERLY LANPHEAR WARNER  
1040 NORTH 9TH EAST STREET  
MOUNTAIN HOME, IDAHO 83647

We no longer make our yearly trip to Michigan. Our parents have all passed on, thus no pressing need to be there the past three years. I have two brothers and two sisters there, but we find it much easier to use the telephone regularly instead of traveling back and forth. My brother Lowell and wife (Marian Ulrich) have visited a couple days the last two years. It's like old times when they come as the four of us used to double-date.

We have a cabin in the mountains where we spend quite a bit of time in the summer. Our granddaughter has spent from four to six weeks with us each summer since she was five years old. We used to fly out to get her, but when she was eight, she wanted to try it alone. Now she is a real pro at it, but it cramps her style a little because we still have assistance for her in Chicago (her only change). She loves the cabin and fishing with grandpa. Jim and the grandson come for a week before she goes home.

It seems like such a short time ago that we all went our own way. Some of us unto the armed forces, others on to college and I went to the big city of Chicago to seek employment. I got married in 1946 and was both a mother and widow in 1955. With the help of my family, friends and faith, I was able to survive and pull myself up again by my boot straps. I married again and had three more beautiful sons. After my family was grown, I went back to work, spending five years with the Board of Education in Chicago and then the next 13 years with Electro Motive Division, General Motors Corporation. I still find my work very stimulating with all the new technology that is out there in the business world - - - but all good things must come to an end, so come the end of this year, I will be looking to retirement and spending whatever time I have left, maybe traveling and enjoying my five grandchildren.

## NOW THE DAY IS OVER

Now the day is over,  
Night is drawing nigh,  
Shadows of the evening  
Steal across the sky.

Now the darkness gathers,  
Stars begin to peep,  
Birds and beasts and flowers  
Soon will be asleep.

Grant to little children  
Visions bright of Thee,  
Guard the sailors tossing  
On the deep blue sea.

When the morning wakens  
Then may I arise,  
Pure and fresh and sinless  
In Thy holy eyes.
